Sale of Used Machinery and Vehicles

Dear Ladies and Gentlemen,

In order to ensure a smooth course of the sale of machinery and vehicles, we ask you to take note of the following guidelines:

1) Machinery and vehicles intended for sale are parked at the stated STRABAG BMTI locations.

2) The machines and vehicles can only be viewed on Tuesdays and Thursdays during working hours. Collection is only possible from Monday to Thursday. In any case, an appointment must be made in advance. For these purposes, please get in touch with the relevant contact person for your country.

3) Your offer for the purchase of equipment and/or vehicles remains valid for at least 30 days from the date of submission and does not require any immediate confirmation by us in order to be valid. A purchase contract is only concluded on the basis of a special agreement between you and our company. Legally binding declarations or the conclusion of a purchase contract by means of online communication are excluded.

Participants in the auction may be:

- **Self-employed natural persons –** who have a company identification number (IČO), conduct business activities in accordance with the relevant legislation, and are registered in the appropriate register, e.g. trade register, register of attorneys, notaries, auditors.
- **Legal entities** – who have a company identification number (IČO) and are registered in a public register, e.g. commercial register, association register, etc.; they do not necessarily have to carry out business activities (e.g. an association is not established for business purposes and is a legal entity registered in the association register).

A non-business natural person identified only by a personal identification number may not participate in the auction.

4) Your offer confirms your potential interest in purchasing the machine or vehicle at a certain price. If your offer is interesting for us, we will contact you to discuss the next steps. Preference will always be given to the interested party who offers the highest purchase price. The buyer reserves the right not to accept the highest price offered if it has not reached the required purchase price and to extend the auction as a result.

5) General information:

If the negotiations regarding the object of purchase lead to the conclusion of a purchase contract including the agreed price, the purchased machine/vehicle can only be collected from the respective location from Monday to Thursday during working hours after a prior appointment has been made and the full purchase price has been paid. The machines and vehicles are handed over on the premises of STRABAG BMTI and are not dismantled for transport. With regard to possible loading and other wishes, please agree the specific conditions with the contact person in advance. STRABAG BMTI is not responsible for the transport of the purchased machines and vehicles.

6) Collection must take place immediately, but at the latest within seven working days after the seller has received payment. From the tenth working day onwards, a storage fee of 1.50,- EUR/m^2, per 1 day will be charged. Longer collection periods must be agreed in a special agreement.

7) If you have any questions, please do not hesitate to contact us in by phone or e-mail.

STRABAG BMTI s.r.o.
