The sale and purchase contract are only concluded by separate agreement between you and us. It is not possible to make a legally binding declaration or conclude a sale and purchase contract online.
4. Your non-binding offer only confirms your interest in purchasing one of our equipment/machinery or vehicles at a specific price. Once we have received your offer and it is suitable for us, we will contact you as soon as possible to discuss how to proceed.
5. General information:
When an agreement is reached, we will conclude a sale and purchase contract. After proof of full payment of the purchase price, the purchased equipment/machinery or vehicles can be delivered during business hours at the location specified in the advertisement with prior notice. Prices do not include loading and delivery costs, nor do they include dismantling for transport. Please discuss any other tariffs or other relevant questions with your current contact person.
6. After proof of full payment of the purchase price and the sale and purchase contract has been signed, the purchased equipment/machinery or vehicles must be delivered immediately, but no later than seven working days after notification. A storage fee of EUR 3,0/m²/day will be charged from the tenth working day onwards. A longer delivery time is possible with a separate agreement.
7. If you have any further questions, please do not hesitate to contact us by phone or email.
